| *Upgrades will be accepted with corresponding valid version 2000 or higher serial number (no upgrades from version 5.x or earlier) | | | | | |
| [†] Single User node-locked and homework versions can only be used on a single, identified computer | | | | | |
| ^{**} Additional Single user copies can only be added to Single User node-locked versions. A purchase of at least one single user node-locked is a pre-requisite. | | | | | |
| ^{***} Single user dongle locked use a hardware locking device. The software can run on any computer in which the locking device is attached. | | | | | |
| ^{****} Multi-user seats can be configured as a floating (network) license or as node locked seats. See notes 15-18 below | | | | | |
| 1 A copy of the school's purchase order and/or purchasing information must accompany all orders from the school ordering the software. | | | | | |
| 2 All software and documentation is delivered electronically. An Email containing download instructions and a serial number will be the sole deliverable. | | | | | |
| 3 CDs and documentation may be requested at no charge for multi-user seats. One copy of the manual and one CD will be provided. | | | | | |
| 4 CDs and documentation for single user seats must be ordered separately. Order the extra manual and request a CD. | | | | | |
| 5 For any CD and Manual requested, shipping charges will be added to the invoice or a UPS, DHL, or Fedex account must be provided. | | | | | |
| 6 For orders to the US and Canada: American Express, Visa, MasterCard, Discover, checks, and purchase orders are accepted. | | | | | |
| 7 For International orders: American Express, Visa, MasterCard and bank wire transfers accepted. | | | | | |
| 8 US Orders: Sales tax is added unless a Federal Excise Exempt Certificate or Local Sales Use Tax Exempt Certificate is submitted with the purchase order. | | | | | |
| 9 All sales are final. No cost Evaluation versions of all products are available and provide the means for you to determine if the products meet your requirements. | | | | | |
| 10 To trade up from x users to y users (with or without an upgrade), use the following price calculation formula: Trade-up price = (new y user price - new x user price) + x upgrade price (if applicable) Example: 10 user upgrade trade-up to a new 30 user: (\$1,995 - \$995) + \$415 = \$1,415 | | | | | |
| 11 Resellers are required to fax the school purchase order when placing an order. | | | | | |
| 12 Homework/Student Editions do not include technical support and are only for student use on student-owned computers (not for school computers). | | | | | |
| 13 Homework licenses are valid for one year and are limited to 50 bodies, 15 constraints, and 15 output meters. | | | | | |
| 14 Technical support is provided by your software vendor for the first three months of new or upgrade purchases. | | | | | |
| 15 Multi-user licenses configured as floating licenses allow simultaneous use up to the number of licenses purchased and require the installation of our network license server. | | | | | |
| 16 Multi-User licenses configured as node-locked can be installed on N machines, where N is the number of licenses purchased. No license server is required. | | | | | |
| 17 Multi-user licenses can only be installed at a single geographic location or campus. | | | | | |
| 18 Multi-user license quantities differing from the listed packages can be purchased. The price is calculated by using the per-user price from the next lower package and multiplying by the number of users. For example, to price a multi-user configuration for 34 users: 30 user per user price = \$1,995 / 30 = \$66.50 which means the 34 user price = \$66.50 X 34 = \$2,261 The same methodology applies to the Annual License price. | | | | | |
| 19 Prices and terms are subject to change without notice. | | | | | |
